

is becoming a part of

FARMERS
NATIONAL BANK

December 16, 2019

Dear Valued Customer,

We are pleased to welcome you to the Farmers National Bank family. We are excited to have the opportunity to continue to serve your diverse financial needs – and introduce a new array of services to include robust lending and wealth management product set. We are confident we can continue to deliver these services in the same friendly and courteous manner that you have come to expect from your community bank.

Our first priority is to make the transition to Farmers National Bank as easy as possible for you. We are making sure that many things will **not** change – such as our commitment to providing superb service, supporting our neighbors and communities, and conducting ourselves in a manner that earns your trust each and every day. Rest assured you will hear from us regularly throughout this process so there will be no surprises and plenty of time to answer any and all of your questions. You may also obtain additional updates from the dedicated website we developed for you – www.farmersbankgroup.com/welcome-geauga.html.

The transition to Farmers National Bank will begin in mid-January, 2020 and take place over a weekend for minimal interruption. Over this conversion period, you will receive detailed communications to keep you updated on the transition dates.

This is an exciting time for Farmers and Geauga Savings Bank, and we are confident that you will quickly see the benefits of this merger. All of us at Farmers National Bank, as well as the associates you know from Geauga Savings Bank who now join us, look forward to providing you with all the many benefits of what we call “BIGGER small banking.” If you have any immediate questions, please feel free to contact us at 888-988-3276 or visit www.farmersbankgroup.com.

We’re delighted to be able to continue serving you and the local communities.

Sincerely,

Kevin J. Helmick
President & CEO
Farmers National Bank

James E. Kleinfelter
President & CEO
Gauga Savings Bank
