

There's strong and there's

STAND STRONG

Since 1887

FARMERS
NATIONAL BANK

Since 1887, Farmers National Bank has stood strong – through booms and busts, peaks and valleys. In times like these, everyone is reminded of the value of solid relationships, both in life and business.

The value of a true, relationship-driven community bank like Farmers becomes clear. Financial strength is created through relationships – we know our customers' names, their stories, and we are driven to create, protect and help grow our local economies and communities. We're encouraging everyone to adopt this **Stand Strong** mantra.

[Download your Stand Strong support poster here](#)

Hang your poster in the windows of your home, business or car. By working together, we can emerge even stronger from our challenges - just like the local communities, businesses and families that we serve.

Stand Strong.

Sincerely,

Kevin J. Helmick | President & CEO
